Central Research, Inc. Awarded Mail Equipment Services Contract with Federal Emergency Management Agency

Alexandria, Virginia, December 1, 2013 – Federal Emergency Management Agency (FEMA) has awarded Central Research, Inc. (CRI) a Prime contract to provide mail equipment services.

This contract is for a base year and three option years for a total award amount of \$232,000. CRI will support FEMA by providing mail operations and logistical support nationwide mail operations and disaster recovery efforts. CRI and partner Metro Mail Services (Team CRI) maintains a deployable mail operations capability to support FEMA's effort to provide mail continuity of operations throughout the continental United States (CONUS) and including Puerto Rico (PR). Team CRI maintains deployable mail operations systems and functions to ten (10) Regional Operations sites which serve specific Disaster Field Offices (DFO). FEMA's emergency mail operations systems include complete mail systems, supplies, and support that are vital to reestablishing mail operations and furthering recovery efforts in any conceivable disaster contingency throughout CONUS and Puerto Rico.

"Central Research Inc. is committed to providing exceptional service to FEMA by providing mail room emergency services throughout the entire United States and territories. CRI understand the urgency in a time of disaster and the immediate expectation on response time." said Elizabeth Dillard, Program Manager of CRI's Operations Team.
